**CHILDREN'S PROGRAMMING CERTIFICATION
CONCERNING COMPLIANCE
WITH COMMERCIAL TIME LIMITS**

The Tube Music Network certifies that during the second quarter of calendar year 2007:

- (1) No programs were broadcast that were produced and broadcast primarily for an audience of children 12 years old and younger.
- (2) Each hour of the network's educational/informational children's programming, as standard practice, was formatted for not more than 10 minutes and 30 seconds of commercial time to be inserted by either the network or affiliates. There were no commercial time overages caused by the network.

Dear Affiliate Partner:

To assist you in complying with the reporting requirements for children's television and the requirement that stations air "core" children's programming, we are providing you with episode-specific descriptions (for QUBO Kids on NBC) as set forth in the attached Community Relations Quarterly Children's Programming Report for 2nd quarter 2007. The report includes information to help prepare FCC Form 398, as revised and released by the FCC in May 2007. Please note that we have not included the specific dates and times for each of the programs as that may be station-specific.

This report is divided into the following categories:

1. Programming information for those stations airing NBC Weather Plus children's educational and informational programming and episode numbers.
2. Educational Objectives: QUBO for both the 2nd quarter 2007 and 3rd quarter 2007.
3. Core programming: Regularly scheduled programming furnished by the NBC Network that is specifically designed to serve the educational and informational needs of children 16 and under. Please note that the age target for QUBO programming on NBC is 4-8 years old. Each of these programs is identified on-air as educational and informational with the "E/I" icon, and is similarly identified to the national listing services. To assist stations with the preemption report section of the new FCC Form 398, we have added specific episode numbers.
4. Other programming: Programming furnished by the NBC Network that contributes to the educational and informational needs of children 16 and under, but is not specifically designed to meet the educational and informational needs of children.
5. Public service announcements targeted to children 16 and under.
6. Non-broadcast efforts that enhance the educational and informational value of NBC Network programming to children.
7. Network on-air promotional efforts, which include a schedule of QUBO programming on NBC on-air promos.

The regularly-scheduled children's programming and promotional content furnished to you by the NBC Network during the 2nd quarter of 2007 complied with the commercial limits of the Children's Television Act, provided that you broadcast and distributed such programming as furnished to you by NBC, and did not add any promotional or advertising content there to other than as directed by NBC via weekly postings on APT.

If you have any questions about these reporting requirements, please feel free to call us.
